SMR /s/ C.M.

Senator Alan Bible
Chairman, Committee on the District of Columbia
United States Senate
Washington 25, D. C.

Dear Mr. Chairman:

Thank you for your letter of July 22, 1958. I am pleased to have this opportunity to suggest your favorable action on Senate Bill S. 4153 currently being considered by your Committee.

The Board of County Supervisors of Fairfax County, Virginia on September 14, 1956 reaffirmed their commitment of May 18, 1955 to furnish sewage disposal facilities for the Central Intelligence Agency headquarters building at Langley, Virginia with no part of the initial cost to be borne by the Federal Government. We will, however, be subject to the customary connection charges and quarterly service charge at the normal rate established for similar service in the County.

It is our understanding that the present Fairfax County plans for fulfilling its commitment to this agency depend upon the implementation of the disposal methods as outlined in S. 4153. Our dealings with the Fairfax County officials in the past two years have led us to believe that this method of sewage disposal is an economical and feasible solution to serve the Langley area. We are most anxious that construction be started on these facilities in order that they may be ready before our headquarters building construction is completed near the end of 1960. Early action by your Committee and the Congress will do much to assure the availability of these facilities in time to meet our needs.

The Bureau of the Budget has indicated that it has no objection to the submission of this report.

Concur:

/s/ James A. Garrison
Director of Logistics
